ORION PIROTEHNIKA

O NAMA

Više od 30 godina gradimo ime kojem se vjeruje.
Od 1994. godine ORION kontinuirano raste, razvija se i pomiče granice industrije zabavne pirotehnike. Poslovanje smo započeli u Hrvatskoj, a ubrzo zatim proširili prisutnost na tržišta Bosne i Hercegovine, Srbije i Slovenije. Danas je ORION mnogo više od snažnog regionalnog imena – postajemo prepoznatljiv europski brend s rastućom prisutnošću na tržištima Europske unije.
Specijalizirani smo za distribuciju zabavne pirotehnike te profesionalno izvođenje vatrometa i scenskih efekata. Dugogodišnje iskustvo, pouzdanost i kontinuirano ulaganje u kvalitetu omogućili su nam da tijekom posljednjih petnaest godina izgradimo snažna partnerstva izvan matičnih tržišta i značajno proširimo međunarodno poslovanje.
Danas se ORION ubraja među vodeće tvrtke u industriji zabavne pirotehnike u regiji, uz jasno usmjerenje prema daljnjem rastu na europskom tržištu. Naši proizvodi razvijaju se prema visokim standardima kvalitete i sigurnosti te prolaze odgovarajuće postupke certifikacije, zbog čega već više od tri desetljeća uživamo povjerenje potrošača.
Na međunarodnim tržištima prisutni smo kroz sezonsku, a u pojedinim zemljama i cjelogodišnju prodaju. Istodobno smo u Hrvatskoj razvili snažnu maloprodajnu mrežu s više od 400 prodajnih mjesta.
Upravo nam vlastita maloprodajna mreža daje jednu od ključnih tržišnih prednosti – svakodnevni izravan kontakt s potrošačima. Njihove želje, navike i povratne informacije pretvaramo u konkretna znanja koja usmjeravaju razvoj novih proizvoda. Zahvaljujući tome ne pratimo samo tržišne trendove, nego ih aktivno prepoznajemo i oblikujemo.
Nakon više od 30 godina iskustva, naš smjer ostaje isti: stvarati kvalitetne i prepoznatljive proizvode, razvijati dugoročna partnerstva i graditi ORION kao snažan europski brend zabavne pirotehnike.

ABOUT US

Building a trusted name for over 30 years.
Since 1994, ORION has continuously grown, evolved and pushed the boundaries of the consumer fireworks industry. We began our operations in Croatia and soon expanded into the markets of Bosnia and Herzegovina, Serbia and Slovenia.
Today, ORION is much more than a strong regional name, we are becoming a recognized European brand with a growing presence across European Union markets.
We specialize in the distribution of consumer fireworks, as well as professional fireworks displays and stage effects. Decades of experience, reliability and continuous investment in quality have enabled us to build strong partnerships beyond our home markets over the past fifteen years and significantly expand our international business.
Today, ORION ranks among the leading companies in the consumer fireworks industry in the region with a clear focus on further growth across the European market. Our products are developed in accordance with high quality and safety standards and undergo the required certification procedures, earning the trust of consumers for more than three decades.
Across international markets, we operate through seasonal sales and in selected countries, year-round distribution. At the same time, we have developed a strong retail network in Croatia with more than 400 points of sale.
Our own retail network gives us one of our key competitive advantages – direct, everyday contact with consumers. We turn their preferences, purchasing habits and feedback into valuable insights that guide the development of new products. This allows us not only to follow market trends, but to identify and actively shape them.
After more than 30 years of experience, our direction remains unchanged: to create high-quality, distinctive products, build long-term partnerships and strengthen ORION as a leading European consumer fireworks brand.
